9. Upon receipt of the grades and reports, OR migrates all information into the student database and activates the "School Selection" module for the NUFYP graduates; "School Selection" is one of the modules in the registrar system which automatically manages a progression process.

10. NUFYP graduates are then directed to go to the “School Selection” module to submit their School choices. They choose the first, second and third-choice Schools along with a program of study.

12. After submission of School choices, the “School Selection” module is closed to NUFYP graduates.

13. As some majors are in more demand than others, the Schools upon approval by the Academic Council have the right to limit the number of progressed and enrolled NUFYP graduates based on the capacity of any individual program.

14. Any NUFYP graduate who is progressed and enrolled but then decides not to attend the UG program at the University must notify the University and submit a withdrawal form immediately.
