

Approved by the resolution of the Research Council
of the AOE "Nazarbayev University"
Minutes #13 of October 2, 2012

Nazarbayev University Environmental Health and Safety Committee Terms of Reference

1. Authority

The Environmental Health and Safety Committee (hereinafter – the “Committee”) is an advisory body under the Research Council.

Decisions taken within the scope of the Committee’s authority are advisory in nature.

The Committee shall:

1. Provide oversight and approval of NU’s policies, practices and procedures within the domain of environmental health and safety.
2. Provide a review and endorsement of safety-providing mechanisms.
3. Provide a means for identifying and disseminating best practice university-wide

The Committee shall function by holding meetings once in a month and otherwise as needed. The Committee may set up appropriate working and project groups for considering certain range of issues as the membership deem necessary.

2. Membership

The Environmental Health and Safety Committee shall consist of the following members:
